FARMERS RECEIVE SECOND TO BACCO PAYMENT

Smiles of satisfaction wreathed the countenances of several hundred Bourbon county farmers, as well as their families, Saturday, when, at the court house, in this city, they received checks representing the second payment on their tobacco crops under auspices of the Co-operative Burley Tobacco Marketing Association. Over \$700,000 in checks was distributed during the day, under the management of Chairman Sam Clay, and were cashed at the local banks. As a result the cash registers and bank accounts of Paris merchants were considerably enlarged by receipts, as the tobacco men spent liberally with the local merchants.

Two years ago practically the same crowd of farmers gathered in the court house, but under far different circumstances. Following the opening of the tobacco markets, when what they considered ruinous prices were being offered by the buyers for their crops, after wild scenes had been enacted at the sales houses, the tobacco tramped under foot, and threats made by some of the more excitable growers, a meeting called at the court house was addressed by several leading business men, bankers, and others. Bourbon county entered into the spirit of the undertaking, and was the first county in the district to "go over the top." Several growers who had for reasons best known to themselves, remained out of the pool, joined the association Saturday and pledged their crops, and it is now safe to say that the 1922 tobacco crop of Bourbon will be practically one hundred per cent in the pool agreement.

The Burley Co-operative Marketing Association has made good its every promise, even beyond the expectations of its organizers. The second distribution of payments Saturday marks a signal triumph for those who attended to its financing. Already the growers will have received within three or four cents of the total per pound received by those who sold on the independent floors, and there are still other payments to come.

Much of this remarkable record is due the organization, of course, but down in our hearts we know that to the farmer himself should go the major share. He it was who saw the merits of the proposition, and stuck through thick and thin, despite the moans of the calamity howlers. He has been waiting for a long while to come into his own as a marketing man, and his hour, it seems, has come. It is not too much to expect that the farmers of Bourbon county, now that they have demonstrated the feasibility of selling tobacco in a business-like manner, will carry the same method on with their other products. And with sensible marketing methods farming is going to be the best of all the world's occupations.

League President Thomas M. Russell, of Maysville, was an interested speaker at the Maysville-Lexington game on the latter's grounds Sunday afternoon. Mr. Russell made the statement that final action on the four-games-a-week plan would be taken at a meeting to be held in Paris, Thursday. The Maysville heroes brought their own applause. It took a special train of six cars and a special section of the grandstand to take care of it.

Mt. Sterling will come to Paris, Thursday for a game with the Mammoths. Manager Goodman says the defeat of Sunday on the Mt. Sterling grounds does not discourage his team, and that his boys will wipe out the defeat by trimming Mt. Sterling here next Thursday.

The Paris Pirates defeated the Mt. Sterling High School team in a game played Saturday on the Hancock Field by a score of 12 to 3. On account of the High School athletic and track meeting being scheduled for the afternoon at Hancock Field the game was changed to ten o'clock Saturday morning. The Pirates team is composed of young boys, their ages averaging fifteen years. The team was selected, coached, uniformed and managed by Arthur B. Hancock, Jr., of Paris. They have played six games this season, winning all six. They have issued a challenge to any team in the State of equal years.

Paris fans who journeyed overland to Mt. Sterling, Sunday to see the Mammoths mop up the Mt. Sterling team, returned a sad and dejected lot, bringing the doleful news of a wholesale slaughter. Instead of bringing home the scalp of the Montgomerys the locals were defeated disastrously by a lopsided score of 11 to 1. One of the largest crowds ever seen on a Mt. Sterling ball field witnessed the game, which was compared by some to a "ball shower." The features of the game was the all-round playing of Keyser, the hitting of Blake, Barks and Keyser, and the superb pitching of "Lefty" Townsend, who held the Paris batters at his mercy at all times. Mt. Sterling would have had a shutout but for an error. The batteries were: For Paris, Miner and Brake; for Mt. Sterling, Townsend and Lackey. Paris' lone run was scored in the sixth inning. Mt. Sterling getting three in the first, two in the seventh, three each in the eighth and ninth. Paris, according to local fans, needs more teamwork and better support for Miner.

The next game in the Church League series will be played on Hancock Field to-day (Tuesday) between the Methodist and Presbyterian teams. The game will be called at 1:30.

FORMER PARIS BOY COACHES INDIAN BALL TEAM

THE NEWS is in receipt of a copy of The Wheeling (West Va.) Daily Intelligencer, from which we take the following regarding a former Paris boy, J. Monroe Sweeney:

"J. Monroe Sweeney, a graduate of Bethany College, and the prominent young man who coached Moundsville high school through a fairly successful athletic year in 1920 and 1921, is making good out in Paul's Valley, Okla., according to word received here.

"Mr. Sweeney has turned out a crackerjack football team, a crack floor quintet and to top it off, his baseball team two weeks ago won the Oklahoma championship in Class 'B'.

"Last fall, Sweeney's grid machine was the surprise of the State. Little had been heard of Paul's Valley before, and during the season the team went with a most remarkable record. Nine of the candidates for the squad were full-fledged Indians, too.

"Then the basketball season was a success, and on top of that followed the baseball season. The team went through the season in great form, and won the championship by defeating Amber, considered one of the best teams in the State.

"The many friends of Mr. Sweeney will wish him continued luck during the summer and next season, as he is expected to return to Paul's Valley.

"During the summer Sweeney will be an umpire in the Texas State League, reporting next Saturday. He was to have reported earlier, but was given an extension of time to complete the High School Baseball season."
